

## Groundwater Classification & Well Head Protection Area

1:24,000

1 inch equals 2,000 feet

### Groundwater Class Definitions

GAA - Groundwater resources known or presumed to be suitable for drinking without treatment.  
GA - Groundwater resources known or presumed to be of drinking water quality but are not assigned GAA  
GB - Groundwater resources known or presumed unsuitable for drinking water use without treatment.  
GC - Groundwater resources underlying waste disposal and surrounding areas.

### Well Head Protection Area Definition

The critical portion of a three-dimensional zone surrounding a public well or wellfield through which water will move toward and reach such well or wellfield.
